

Please join us for a

“Meet the Experts” Event for Street Operators

Wednesday, October 28, 2009 from noon to 7 PM

Check out the latest in Jukeboxes from Ecast and their talented partners NSM Music, Amusement Technologies and Wurlitzer. Spend time with the experts and see what makes the **Ecast EQ** tick from the inside out. Learn about the unique opportunities that this box can bring to you and your locations.

You will want to see the new JVL Media Stream player, reported to have over 1 million songs available for your customers to download. See and play it live and discuss its merits with the JVL representative.

Rick Sebok, Chief Marketing Officer of On Site Network will be present for a very informative show and tell of the **Sportscape** network – the premier out of home sports viewing network. We will be running a live demonstration of the product and you’ll have time to talk to the most knowledgeable man on the planet about it and how it compares to its competitors. For a pre-show preview, go to www.sportscape.tv.

There will also be many other street appropriate games for you to play and talk about with the experts.

NOT TO BE MISSED will be “**Ed’s Speaker School**” presented by digital jukebox expert Ed Glapinski of NSM, formerly of Rock-ola. Learn everything you will ever need to know about loudspeakers – how they work – how to connect them in various environments and how to obtain the best results in any location situation.

**THIS SCHOOL IS A MUST FOR ANYONE DOING ANY JUKE BOX
INSTALLATIONS OR SERVICE.**

Ed will conduct his school at 4 PM in our showroom. It will run a little over one hour.

We look forward to you joining us to preview some of the most unique and important product available today, presented in a casual, learning environment.

To be held in our showroom.

East Coast Amusements, Inc.
480 Neponset St. Ste. 14A
Canton, MA. 02021
